## NEWS HIGHLIGHT

How are you planning on helping your children grow as a disciple in 2026? This term, there are opportunities for parents and caregivers to invest in their children and teens. For those with children up to 10 years of age in their care, the Parenting Children Course is a great way to strengthen parenting skills. Designed for all parents, whether brand new, or a parent to many, or a parent on their own, or someone who spends time caring for children under 10 - this course offers invaluable advice on building strong foundations, meeting needs, boundaries, healthy relationships and having a long-term perspective.

For those with children aged 11-18 years in their care, the Parenting Teenagers Course is ideal, and again is designed for every type of parenting and caregiving situation. Over five sessions, the course will help you to keep your long term aim in mind, meet your teenager's needs, set clear boundaries, develop emotional health, and help teens make good choices.

Both courses are online, and start on Monday Feb 2 at 7PM, \$20 per household. Register to receive the link to the course and a practical workbook.
