NEWS HIGHLIGHT

PUBLIC LECTURE: *The Bible in the Age of AI*

At the moment it seems like every article you read or business update has something to say about Artificial Intelligence (AI). In this new age of technological development, what does the Bible have to say?

Each year we host the Public Lecture to purposefully engage with a topic that is relevant for us and those we work and live with. This year Stephen Driscoll is joining us to unpack *The Bible in the Age of AI*. You don't need to know anything about AI to come along! The format of the night is very simple: a talk, time for Q&A, and conversation over hot drinks.

Stephen Driscoll works in university ministry in Canberra for the Australian Fellowship of Evangelical students. He wrote 'Made in Our Image: God, Artificial Intelligence and You' which provides a biblical way of thinking about AI.

Friday 7 August, 7:00-8:30pm

There are a number of ways to be involved:

Invite & Register: Pick up a postcard, share the event online, and invite some friends along! Cost is \$15 per ticket. stbarts.com.au/publiclecture

PRAY: Please be praying for courage in invitation, open hearts to respond, Stephen's preparation, and that God would be using this event to draw people closer to Jesus.

SERVE: There are a range of ways to serve on the night. If you would like to be involved, complete this form: bit.ly/3xymdw
